Gates & Fences

Fence Panels & Matching Side Gates

Fence Panels and Side Gates come in three different styles:

Nouveau, Traditional & Standard

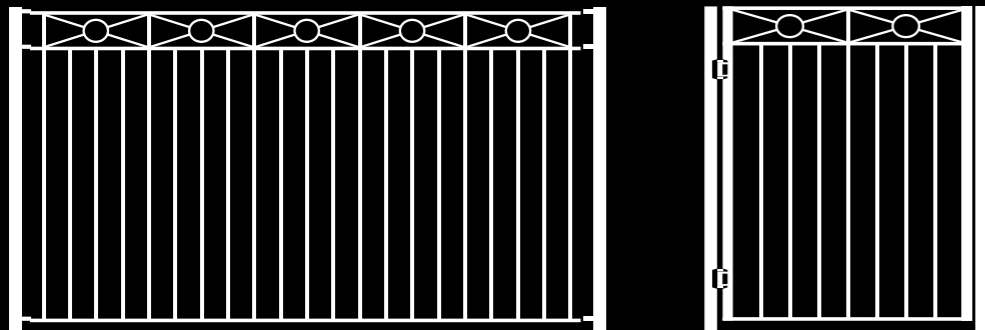

Heights: All panels are available in 950mm and 1200mm (pool fencing) with the Nouveau and Traditional also available in 1500mm.

All panels are a stocked 2300mm long.

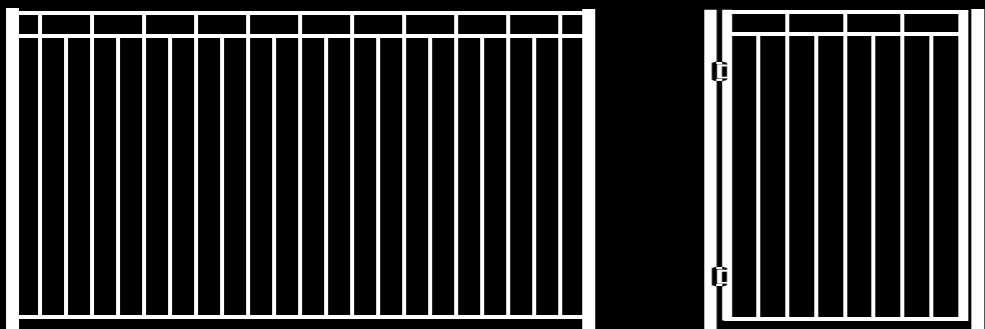

Panels come with fixing brackets that can be fitted to a wide range of surfaces – timber, steel & masonry. The panels can be cut to size by the installer to suit most situations.

All fence panels are protected with Zinc Hot Dip Galvanising. All three styles are also available from stock Powdercoated Matt Black on top of Zinc Hot Dip Galvanising. Other colour finishes available on request. We also have a full range of fence/gate posts and accessories.
